

NIKKEN MISSION: PROTECT HEALTH

MDs told Gloria in Feb'05 there was no further hope for her – she should learn to cope with severe agony & chronic failing health.

Nikken offers people an improved way of living with Wellness Products

**Gloria- 4 months
After beginning
Nikken !**

Nikken –
a research & development
company & the world's leading
Wellness company has discovered
products which help protect our
health.

IS THERE A PROBLEM WITH OUR MEDICAL SYSTEM?

MRSA & Other Antibiotic Resistant FLESH EATING BACTERIA –

- 31 PER 100,000 Americans
- 94,360 cases
- 18,650 deaths nationwide

Compare - Aids virus:
killed 12,500 Americans in 2005

"You 'dumb down' your immune system when you too frequently or unnecessarily use antibiotics." Mary Dean, RN

"Patients get on a multitude of drugs - the drugs interact in their system causing problems that the patient attributes to aging - when in fact the problems may be due to the drugs." Caryl Guth, MD

BODY WARNING SIGNS – WE MUST LISTEN TO OUR BODY

WARNING SIGNS:

- FATIGUE - Possibly most common
- INFECTIONS, COMMON ILLNESSES
- ACHES, PAINS
- INABILITY TO CONCENTRATE
- "STRESSED OUT"

PREVENTION should happen BEFORE warning signs appear.
Certainly, wisdom dictates that prevention must begin
when WARNING SIGNS do occur.

*If you don't invest in **PREVENTION**, what will you pay for disease?
