

We only have a couple of times in our lives when something special crosses our path. This has been one of them for me!

Hi, I'm Steve Crofoot from Sandy, Utah. May I share some very important information with you?

If you want to take your families wellness to the next level, contact me. If you are looking for a great career and not just a job, contact me. If you are tired of being downsized, rightsized or used up and thrown away like the evening trash by an employer, contact me. If you want to make a difference to your family and the world, contact me.

We're currently launching Nikken, a 45 year old company, into the UTAH MARKET. We are looking for people that want to achieve better wellness. Additionally, we are seeking positive, enthusiastic people that want to work from home, earn a great income, while helping themselves and others achieve total balance in their lives.

Below is the story of my last 25 years. I loved my job and life was lots of fun. Then a car accident changed everything. My body got really messed up and I lost my ability to work my cool job. Lucky for me, my Mom found and shared "The Nikken Advantage" with me. My body really liked the solutions I used. Ever since I've been compelled to share the wonderful gift of wellness I received. My last 22 years have been amazing.

I "Play Nikken" with most of the highest paid people in North America. They mentor me for FREE. What a win! We never know when the playing stops and work begins. Sharing the Nikken Advantage has been the most fun way I've ever earned money.

Let's visit soon,

Steve
