

## WELLNESS HOME PACKS

*Designed for all Consultants and Customers*

---

# The Pack Advantage

Our new Wellness Home Packs are the perfect way to sponsor new Nikken Consultants and Customers into a life of Active Wellness.

- You save significant amounts of money when purchasing any of the Packs. When items in each Pack are purchased separately, they cost substantially more.
- When you own all three types of Packs, you are on your way to maintaining an Active Wellness lifestyle with your Wellness Home.
- You'll never have to "guess" which products to lead with when speaking with prospects. Choose whichever Pack(s) best suit the newcomers you introduce to Nikken, and help each one build a Wellness Home.
- We recommend starting off with a Water Pack, because no matter where you live, clean water is crucial to health. Beginning September 1, 2018, new Consultants receive free ground shipping\* when purchasing or selling this Pack during their month of signup.
- Packs help you rank advance and/or qualify monthly with sales volume. For example, just sponsoring one new Nikken Consultant who buys a Water Pack or sells one to a Customer, gives you 500 PGPV or 500 PPV.

\*valid only for the 48 contiguous states and Canada.

Go to [www.nikken.com](http://www.nikken.com) to discover health and wellness, learn to live an Active Wellness lifestyle, and share the product benefits and Compensation Plan with everyone.

## Water Packs

## Sleep Packs

Restful sleep has been proven to be one of the main components of maintaining good health. Since we spend approximately one third of our lives sleeping, isn't it important to make your bed as comfortable as possible? Kenko Naturest and Kenko Dream sleep products help put an end to tossing and turning. Try them and you'll never settle for anything else.
