Weight Management Pack — New!

For healthy, effective weight maintenance, the Weight Management Pack features Kenzen® Vital Balance™ Mix, a Kenzen Bergisterol® 2-Pack and Kenzen Liver Support (US only). With easily-digested pea vegetable protein that is lower in fat than animal protein sources, Vital Balance can help burn calories and boost metabolic rate. Bergisterol offers ingredients for cardiovascular health and maintaining cholesterol levels that are within the normal range, while Liver Support (US only) promotes normal liver function in detoxifying and in metabolizing fats.*

Heart Health Pack

Two balanced, organic juice formulations offer potential benefits for cardiovascular and antioxidant health. The Heart Health Pack contains a 2-pack of Kenzen® Bergisterol® and a 2-pack of Kenzen® Ciaga™. Bergisterol helps support cardiovascular health and cholesterol levels that are within the normal range. Ciaga™ includes the Organic Maqui-Açaí Superfruit Blend known to have the highest antioxidant values of any fruit.* Together they make a one-two punch in convenient, daily servings.

Immunity Pack (US) — New!
Reinforcement Pack (CN)

Kenzen® Immunity (US)/14-Mushroom Complex (CN), Kenzen® Liver Support (US only) and Lactoferrin Gold 1.8® (US)/LF Gold 1.8® (CN) make the Immunity Pack your best defense against immune system challenge. Kenzen Immunity/14-Mushroom Complex is an organic combination of rare mushroom varieties developed exclusively for Nikken, that supplement and balance immune function. The natural prebiotics in Lactoferrin Gold 1.8 (US)/LF Gold 1.8 (CN) — a lactose-free formulation — can stimulate growth of beneficial bacteria that encourage maintenance of immune system activity. Kenzen Liver Support (US only) is designed to promote detoxifying as part of normal liver function.*

CN only: Add to Autoship for minimum 100PV to qualify for 10% off!

Autoship! Great Value!

Consumable products, ie., Nutritional and Skin Care....receive a 10% Autoship discount, in addition to your 20% discount as a Consultant....if your Autoship order is at or above 100 PV.

You can also place other durable products, such as Filter Replacements, Jewelry, Magnetic Products, and Sport Socks on autoship.

Because they are not consumables, the 10% discount does not apply to durable products, but you only pay sales tax on the wholesale or consultant's price on autoship orders, whereas if these products were to be ordered outside of autoship, you would pay the sales tax on the retail price.

You can combine these durable products with your consumables, which do receive the discount...to save on shipping costs. Remember, your autoship can be changed anytime you want, so you can put the durable items on autoship, then remove them or make other changes to your autoship order.

Start two new consultants on a minimum of 100 PV autoship in a given month and receive 200 Nikken Reward Points to use to purchase Nikken products! Start four and receive 400 Reward Points. Start six and receive 600 Reward points, etc. There is no limit to how many reward points you can earn! You can redeem your Reward points on the 15th of the following month for your products.

When your new consultants remain on a minimum 100 PV autoship for six months, they receive 200 Nikken Reward Points for being loyal. When they remain on it for six more months, they receive another 200 Reward Points. They can also introduce new people and earn points explained in the above paragraph. It's a "Win-Win" for everyone! This promotion is good through Dec. 31, 2014.
