Want to protect all your home water sources from potentially toxic chemicals?

Nikken's approach is to only treat the water sources that are the most important and VITAL to your health; cooking, drinking bathing and showering. That is where Nikken's R&D Team spent their time, creating dual filtering water treatment systems that are economical, easy to install and maintain, giving you the BEST return on your investment in Wellness, even when you are on the road traveling.

What about the impact on the Environment?

Over 3.5 Million Tons of Plastic That Do NOT Degrade!

Some Facts to Think About: The bottled water industry grossed more than \$11.8 billion on 9.7 billion gallons sold, making bottled water about \$1.22 a gallon nationwide or 300 times the cost of a gallon of tap water. If you take into account the fact that 2/3 of all bottled water sales are 16.9oz bottles; the cost is much higher or about \$7.50 per gallon, according to the American Water Works Association. That is almost 2,000 times the cost of a gallon of tap water and more than twice the cost of a gallon of regular gasoline.

Hydration Pack BENEFITS:

- Constant Source of Safe, Clean, Alkaline Water
- Helps the Body Perform Vital Daily Functions: **Digestion, Temperature and Blood Regulation, Respiration and Detoxification.**
- Helps Reduce Sickness and Lost Productivity
- Helps Maintain Body's Largest Organ: **SKIN**

Lactoferrin: #15581 (\$40.00 ea box)*

CalDenz: #15584 (\$30.00 ea)*

OsteoDenz™ is a revolutionary formula to help maintain strong, healthy bones for life. With aging, bone tissue is lost and the skeletal structure can become dangerously weakened. OsteoDenz helps prevent or reverse this in a unique way. It is not a nutritional supplement or a prescription osteo drug. It is the **ONLY** product with a patented system, [Syno-portin technology] that supports natural bone tissue growth. It helps rebuild bone density.* Everyone needs to make OsteoDenz part of their daily routine of replenishment for strong bones and joints, preservation of cartilage and maintenance of essential minerals.**

Lactoferrin Gold 1.8™ [the gold standard] is a natural material that forms the basis for living things and is vital for health. Although it is normally supplied in our diet through dairy products, we do not receive the daily lactoferrin that is supposedly present in these high-fat, lactose-containing foods. Lactoferrin Gold 1.8™ helps the body absorb the nutrients it needs. A natural prebiotic, it supports the growth of beneficial bacteria and as a probiotic, helps eliminate bad or non-beneficial bacteria.* Produced via specialized, precision techniques, Lactoferrin Gold 1.8™ is the **only** premium, **ultra-pure** form of lactoferrin now available.**

CalDenz™: optimum calcium for bone health! CalDenz™ supports the maintenance of healthy bones.* It provides nutritional support that offers calcium, vitamin D and magnesium to aid in calcium absorption and metabolism, as well as boron and folate.* In combination with Nikken's OsteoDenz, CalDenz can be part of a daily regimen to defend and maintain skeletal integrity CalDenz is designed to work best, in synergy with Nikken's OsteoDenz.**

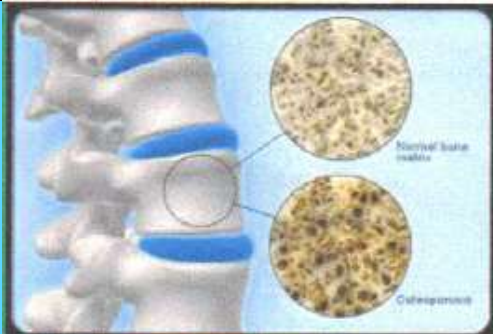

LIFESTYLE BONE HEALTH BENEFITS:

- Promotes Strong, Healthy Bones & Skeleton
