Gloria was told by her doctors in February of 2005 there was no longer any hope for her. She was told to continue taking her 13 prescribed medications and learn to cope with her unbearable pain which occurred "24/7". March of 2005 Gloria was led to Nikken Platinum Wellness Consultants, Burt & Lynn Smith; in her own words, "By the grace of God!" During the months of March, April, May & June, 2005 Gloria became well, she has regained her health and her quality of life has dramatically improved.

Gloria no longer takes any medications and has not seen a doctor since. Gloria and her husband, Bill Arrasmith, are now Nikken Silver Wellness Consultants and are working toward financial freedom as they spread the word of wellness around the world. In the month of July 2005, Gloria and Bill decided to begin their Nikken business, produced over \$20,000 in volume and were promoted to Silver Wellness Consultants. In the same month, they have successfully achieved the "Paragon Award", "21 Rollout Club", "Certified Wellness Home", "2 Tickets to the National Convention", "14 Keys for the current contest" and have earned over \$4500. Gloria and Bill have been given the greatest gift of all... the GIFT OF HOPE!
