

PLUS RELIEF

Avini Plus Relief is believed to work by targeting some of the same receptors on nerve cells that are also recognized by nicotine. These receptors are found in nerves outside the central nervous system (brain and spinal cord) and they are also found on cells of the immune system. Specialized proteins in Plus Relief block the acetylcholine, a major stimulating neurotransmitter in the nervous system and activator of the inflammatory pathways. As a result, the pain and inflammation pathways are temporarily shut off. In some clinical studies, Plus Relief pain relieving products could provide prolonged chronic muscle and joint relief.

OUR PRODUCTS

Avini Health is proud to provide products meant to improve a number of health conditions. From immune-boosts to pain management, Avini Health has a non-narcotic, natural solution for your health concerns.

CELL DEFENDER

Cell Defender has been clinically proven to help remove heavy metals, toxins and other substances from the body, support a healthy immune system and help balance pH levels in the body. Cell Defender's exclusive zeolite is like a tiny, negatively-charged cage that pulls in a variety of toxic substances in the body and forces their excretion. This includes heavy metals (mercury, lead, etc.), as well as volatile organic compounds (benzene, dioxin, etc.). This process results in a healthier environment throughout the body as a cleaner and healthier body fixes itself. Cell Defender is 100 percent natural and non-toxic, safe for long-term use.

ZMUNITY MUSHROOM

Zmunity Mushrooms is a natural supplement comprised of micronized, activated zeolite (clinoptilolite) and a micronized blend of seven certified organic, non-GMO medicinal mushrooms. The combination of mushrooms can help improve the immune system and your health. Research has shown that mushrooms provide a variety of health benefits, including improved blood flow, cholesterol and blood sugar normalization, liver protection, kidney support, improved respiratory function, reduced risk for heart disease, decreased platelet aggregation, improved skin and hair and increased longevity.

NANO SILVER

Our Spherical Silver Nanoparticles have the size and shape (7nm spheres) needed to support a healthy immune system, move safely and effectively throughout the whole body, be applied anywhere on the body, support gut, immune and microbiome health and remain naturally effective for several days. Our proprietary technology takes 99.995% pure silver, flash vaporizes it, and condenses it into uniform nano spheres in ultrapure deionized water without the need for any capping agents, biologicals, surfactants, or chemical contaminants, perfectly suitable for human consumption.
